

UCM Special Rules

UCM Unit Special Rules

Drone Base X: Y

During this Unit's activation, it may launch one Squad of X Units of Y. Follow the usual Disembarking rules, treating this Unit as their Transport.

Each launched Squad joins this Unit's Group.

This Unit may not launch if 2 Y Squads are already in its Group.

If this Unit is destroyed, all Y Squads in its Group are destroyed.

Guard

This Squad gains +2DF in CQB. In addition, per Squad with two or more Guard Units in a CQB, one friendly Squad of your choosing gains +2DF for that CQB, assigned at the start of step 1 of that CQB.

Remote Drone

This Squad may not be taken in your Army. During its activation, you may destroy this Squad instead of attacking with it.
